

Here's what AAGP Certified Apartment Managers are saying about CAM:

"CAM helped me within the Real Estate Management field. It allows you to view different perspectives and business models of how to be successful in the industry. Every company does things a little differently and it is refreshing to see other options and perspectives. It brings fresh ideas and helps motivate you to continue to improve yourself and the properties that you are involved in.

- Alexa Houseal, Regional Manager / Project Manager, University City Housing

Receiving my CAM Designation was one of the highlights of my career in property management! The classes were so informative and I truly learned a lot. Receiving my CAM Designation has also helped my career and I have recently been promoted from Property Manager to Regional Manager.

- Jane Ashwood, Regional Manager, Morgan Properties

Isn't it time for YOU to get your CAM & take your career to the next level?
